

SEBASTIEN LAIFA

Las Vegas, NV | 702-498-0917 | seblaifa@hotmail.com

Portfolio: sebastienlaifa.com | GitHub: github.com/seblaifa3315

PROFESSIONAL SUMMARY

Full-Stack Developer with 2+ years of experience building production-ready MERN stack and Next.js applications. Combines technical expertise in TypeScript, Python, and modern web frameworks with a unique background as a Cirque du Soleil performer and Olympic-level athlete—bringing exceptional discipline, precision under pressure, and collaborative excellence to every project. Proven ability to deliver client-focused solutions with clean code, optimized performance, and intuitive user experiences.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C++

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, shadcn/ui, Framer Motion, Responsive Design

Backend: Node.js, Express.js, Nest.js, RESTful APIs, Server-Side Rendering (SSR), Authentication

Databases: MongoDB, PostgreSQL, Supabase, Data Modeling

Tools & Practices: Git, GitHub, CI/CD, Agile/Scrum, Testing & Debugging, Performance Optimization

PROJECTS

Cue Track Generator | Cirque du Soleil | 2025 – Present

- Designed and built a scheduling and analytics platform for Cirque du Soleil aquatics divers
- Implemented a constraint programming solver (Python/OR-Tools) that auto-generates optimal show assignments balancing 12+ fairness metrics across the team
- Full-stack: Next.js 16 / React 19 / TypeScript, PostgreSQL via Prisma, Supabase Auth
- Features include real-time schedule editing, qualification tracking, automated track expiration, team analytics dashboards, and audit logging

Bracuum E-Commerce Platform | Client Project | Jan 2026 – Present

- Building a full-stack e-commerce platform with SSR for SEO optimization, featuring guest checkout via Stripe integration and a product catalog of 200+ items.
- Implemented secure authentication with Supabase and developed an admin dashboard for real-time sales tracking, inventory management, and analytics visualization.

TailShell B2B Marketing Website | Client Project | Jan 2026 – Present

- Designed and built a modern B2B marketing site with polished animations using Framer Motion, achieving 90+ Lighthouse performance scores.
- Created a reusable component library with shadcn/ui and Tailwind CSS, reducing development time for future pages by approximately 40%.
- Developed a vendor inquiry system capturing and managing business leads with automated email notifications.

Gamified Digital Commerce Platform | Innovative Configuration International | Aug 2025 – Dec 2025

- Developed a multi-tenant full-stack platform integrating gamification mechanics and real-time analytics for enhanced user engagement.
- Collaborated in a cross-functional team using Git best practices and Agile methodologies, delivering features on schedule across multiple sprint cycles.

Book Promotion Website | Client Project | Dec 2025

- Built a responsive, conversion-focused website to promote and sell a client's book with streamlined purchase flow and mobile-first design.

Portfolio Website | Personal Project | Aug 2025

- Designed and deployed a personal portfolio showcasing full-stack projects with responsive UI, optimized performance, and clean navigation.

EDUCATION

Bachelor of Science in Computer Science | University of Nevada, Las Vegas | Dec 2025

Bachelor of Science in Sport Management | University of Nice Sophia Antipolis, France | Jun 2003

PROFESSIONAL BACKGROUND

Cirque du Soleil – "O" | Performer & Scuba Technician | Las Vegas, NV | 2010 – Present

- Perform nightly as an acrobat in one of the world's most technically complex theatrical productions, requiring precision timing, rapid adaptation, and flawless execution under pressure.
- Serve as scuba technician supporting underwater performers, demonstrating meticulous attention to safety-critical systems and real-time problem-solving.
- Collaborate daily with international teams of 80+ performers and technicians, building strong communication skills across diverse backgrounds.

Olympic-Level Athlete (Trampoline) | Athens, Greece | 2004

- Competed at elite international level, developing discipline, resilience, and a goal-oriented mindset that drives continuous improvement.
